

11 mm PMI® Compact Sewn Termination for Extreme Pro Rope

The Compact Sewn Termination for [11 mm PMI® Extreme Pro Rope](#) is available with either one or two ends. PMI uses precision stitching to create a permanent, sewn termination that is stronger than any knotted termination and nearly as strong as the rope itself. Heat shrink tubing protects the stitching and the label from abrasion.

Key Features

- Streamlined permanent termination.
- Stronger than knots.
- No knots.
- Two separate but equal blocks of stitching provide greater safety.
- Nearly as strong as the rope.
