

## PMI® Spec Hook - Orange Hardware | Anchorage Connectors

The PMI® Spec Hook is intended for use as an Emergency Escape Line anchor hook. This hook may be used to anchor a rope to any acceptable strength point in the area being exited. There are several ways to load the hook – including placing it over a window sill. A small eye at the bottom of the hook is for the escape line. During escape, keep the hook and line under constant tension.

### Key Features:

- Compact size
- Lightweight Aluminum
- Easy to use

### Specifications:

- MBS: 35 kN (8000 lbf) - saddle 12 kN (3000 lbf) - tip
- Weight: 10.2 oz (289 g)

### Additional Information

**Shipping weight** | 0.329 lbs

**Color** | Black, Orange
