

PMI® SMC Advance Tech Haul System Solutions and Kits | Kits

The new PMI Advance Tech HX Haul System provides an extremely strong and versatile haul system. Weighing around 3 pounds, this kit is pre-rigged as either a 4:1 or 5:1 mechanical advantage system. Just flip the kit end to end for either advantage as needed. Also included are two SMC Lite Steel carabiners, a 5mm oval screw link, and a PMI accessory cord lanyard which releases or sets the progress capture cam. This entire kit comes in a compact storage bag and is everything you need to quickly deploy a strong mechanical advantage system.

Key Features

- Pre-rigged system provides either a 4:1 or 5:1 mechanical advantage
- Both pulleys made from high quality anodized aluminum
- Built-in progress capture system
- Kit includes 10 meters of 9mm PMI Classic Professional EZbend rope
