

ISC Medium Eiger Double Pulley

ISC lightweight Eiger Pulleys are made from high strength Aluminium and fitted with tamper-proof rivets. The ISC Medium Eiger Double Pulley is fitted with MOS2 Impregnated Bushings, which are ideal in lightweight applications. All pulleys in ISC's latest Prussik range have tamper-proof Rivets, in compliance with CE EN12278 (2007) & NFPA (1983). These pulleys are available with MOS2 Impregnated Bushings, or Roller Bearings. ISC Prussiks have load rated becketts, which are large enough to allow a Karabiner to rotate fully. **Please note that all PMI Outlet items have limited stock.**

Key Features

- Finish: Anodized
- Individually Serial Numbered
- Made in Wales
