

ISC Large Ropegrab with Pip Pin 14mm to 16mm rope

The ISC Large Ropegrab is fitted with a pip-pin axle, making it quick and easy to attach/detach mid-line. A thumb operated push-button is used to disengage the Pip-pin mechanism and the axle has a chamfered end, to allow for easy location of the pin. The ISC Large Ropegrab has a textile Pip-pin retention cord, (rather than a wire cord). The textile cord allows for easy maneuvering of the pin and does not snag, or wear with sharp edges.

SPECIFICATIONS:

- Height: 99 mm (4"))
- Width: 98 mm (4"))
- Pip-pin Length: 67 mm (2 7/16")
