

SMC Vector Load Management System

The SMC Vector Edge and Load Management System has been designed and engineered as a light-weight, portable tool for use in industrial, mountain and urban rescue environments. When combined with high strength - low stretch cord, quality lifesafety rope, lightweight pulleys and carabiners, the Vector provides rescuers with a versatile resource which can reduce risk and go virtually anywhere. Complete kit includes: 1 - Main Tube, 2 - Rope Horns, 2 - Vector Rigging Plates, 1 - Spike Foot, 1 - Ball Foot, and 1 - User Instructions.
