

PMI® 3/4" Multi-Use Removable Concrete Anchor PMI |

PMI's Removable Anchors are developed for both climbing and industrial applications. They're safe, lightweight, and surprisingly simple to employ. They have a long list of benefits above competitive products. A few include:

- **Ease of use** – simply drill the proper size hole into your concrete or rock surface, blow the dust out and insert the unit.
- **Multi-directional attributes** – RB anchors work in horizontal, vertical and overhead surfaces.
- **Re-usability** – when your job is done, simply fill in the drilled hole if necessary and reuse at your new desired location.
- **Multi-Industry** – PMI's RB Anchors can be used for rescue, height access, climbing, and many other applications.

Additional Information

Shipping weight | 0.6 lbs
