

## Skedco Complete Rescue System

### Patient Care | Flexible Litters and Accessories

The Complete Rescue System combines the Sked® Basic Rescue System (SK200COR), the Oregon Spine Splint II (SK300) and the Sked® Foam Flotation System (SK600) in a single money saving package. The entire system combines to make a single back-packable unit. With this system you'll be ready for any emergency rescue situation - on land, in the water, or in the air.
