

SKED® Cobra Buckle Conversion Kit

Patient Care | Flexible Litters and Accessories

A quick connect/quick release buckle for the Sked®. These Austrian-made buckles are rated at 3000 lbs. Durable and easy to use, yet when under tension accidental release is not an issue. In addition, patient packaging is fast because you do not need to weave the webbing through buckles. This retrofit kit fits the Sked® you already have.

Key Features

- Faster Patient Packaging
- Austrian-made
- Durable and Easy to Use
