

CASCADE RESCUE Quick Tab Strap Patient Care | Rigid Litters and Accessories

Absolutely the best when it comes to securing a patient. 1.5" Nylon Patient Straps with our Quick-Tab buckle system. Easy to use even with gloves on! Simply insert the small square slider into the larger hollow rectangle and pull the strap. To remove, give a tug on the red Quick-Tab and the strap comes loose. Great for applications in cold, freezing or wet weather or where ease of use is a requirement. Sold individually.
