

CASCADE RESCUE 200 TitaniuMax Advance 2-piece litter Patient Care | Rigid Litters and Accessories

This Advance Series litter is exceptionally strong yet flexible, weighing in at only about 20 lbs. The shell is extremely abrasion resistant because of its hand laminated composites. Its shape, handrails and ample brackets provide maximum victim protection and comfort as well as optimum maneuverability for the litter attendant. This litter also features tough titanium construction. Includes the trademarked Cascade Rescue FastLock system for rapid, 10 second takedown/reassembly.

Key Features: Patent Pending Articulating Lift Points • 3/4" Top Rail • Four, 1" Patient Restrain Straps to securely immobilize the patient to the bed of the litter • Titanium handrails and ample brackets • Excellent vertical raise handling characteristics • At home on snow, rock, ice or asphalt • Outer color: International Orange
