

CASCADE RESCUE 200 Titania Advance, 2-piece litter, w/PMI® FAST System Patient Care | Rigid Litters and Accessories

This Advance Series litter is exceptionally strong yet flexible, weighing in at only about 14 lbs. The shell is extremely abrasion resistant because of its hand laminated composites. Its shape, handrails and ample brackets provide maximum victim protection and comfort as well as optimum maneuverability for the litter attendant. This litter also features tough titanium construction. Includes the trademarked Cascade Rescue FastLock system for rapid, 10 second takedown/reassembly.
