

BEAL Air Kit (Roof Positioner) Pro | Pro Hardware

Specialized mobile fall arrest kit

AIR KIT offers you a special mobile fall arrest kit (EN 353-2 and EN 12841-A 100 Kg) perfectly adapted to verticality and work on inclined surfaces.

You will find in this complete kit :

- 1 "MONITOR" mobile fall arrester.
- 1 MOBILE-LANYARD with two positions: 20cm and 40cm.
- 2 O'LIGHT 3-MATIC carabiners to connect the lanyard to the MONITOR and to the harness.
- 2 O'LIGHT 3-MATIC connectors and one BE LOCK 3-MATIC connector.
- 1 fifteen meter rope of 11mm diameter with a sewn end protected by a rope thimble.
- 1 BE-LOCK 3-MATIC carabiner to connect the rope to the anchor point.

Key Features

- Removable cover allows the inspection of termination stitches.
 - Products marked with a unique serial number and equipped with a label to accommodate personal markings as well as a QR code to assist traceability.
-
