

11 mm BEAL Access with Unicore® Pro | Pro Rope

This low stretch type A 11 mm rope is extremely strong (46 daN/g). The ACCESS UC rope is made in the same way as the [BEAL Industrie](#) rope and is therefore ideally suited for all risky operations and for working at height. Reinforced by our UNICORE innovative technology this rope has reached a new level of safety while remaining easy to handle and light enough to become a must-have for work at height.

Key Features

- Unicore® technology
 - Hyper resistance: 46 daN/g
 - 4x4 construction
 - Lightweight
-
