

Beal - Dragon Harness

Beal |

A full-featured industrial / rescue harness at a fraction of the weight. In combination with the DRAGON TOP this harness outperforms heavier, more expensive counterparts for a wide range of rescue and work positioning activities. Features:

- Soft, flexible waist belt
- Padded leg loops for stability and comfort
- Textile side positioning connections at hips
- Evacuation loop at rear waist
- Four sturdy gear loops
- Two tool straps
- Six mini gear loops
- Quick Adjust Rear Risers
- Compatible with [DRAGON TOP](#) to create a full body harness
