

7.3 mm BEAL Gully Sport | Sport Rope

Weighing only 36 g per meter, the GULLY 7.3 is the lightest double rope on the market. In addition to being extremely light, this rope is also certified as twin rope. The GULLY 7.3 uses both UNICORE® and GOLDEN DRY technology. Unicore® technology creates the ultimate bond between sheath and core, ensuring nearly zero sheath slippage, even when the sheath is entirely cut circumferentially. This allows the climber to pass a cut or torn sheath area, whether descending or ascending, since the sheath cannot bunch to create an impasse. With a very low impact force, its technical features and exciting flashy colors make it the must have rope for ice climbing and mountaineering.

Key Features

- Ultra Light
 - Low Impact Force
 - Unicore
 - Flashy Colors
-

Additional Information

Shipping weight | N/A

Color | Green, Orange

Brand | [Beal](#)

Diameter | 7.3mm

Length | 70 m (230 ft), 60m (197ft)

Weight | 36 g/m

Material | Polyamide

Impact Force | 4.8 kN

Elongation | 10.1% - Static, 35% - Dynamic

Sheath Content | Polyamide

Sheath Slippage | 0 mm

Percentage of Sheath | 45%

Compliant | UIAA 101
