10.2 mm BEAL Wall School
Sport | Sport Rope

Developed specifically for indoor climbing and for children, WALL SCHOOL UC 10.2 mm is a rope that offers our young climbers a thinner diameter for easier handling. This advantageous diameter makes it possible to help the youngest climbers pass the rope through the belay device, tie their rope knot or give slack more easily. The thick, smooth sheath is resistant to abrasion. Another advantage of this rope is that it benefits from the UNICORE technology. This process binds the core and sheath of the rope together during manufacturing to prevent sheath slippage and provide increased durability.

Key Features

- Braided Core
- Increased durability
- Ideal compromise between diameter and strength

Additional Information

Shipping weight | N/A

Color | Blue, Green, Red

Brand | Beal

Length | 200 m (656 ft), 50 m (164 ft), 20 m (65.6 ft), 30 m (98 ft), 40m (131ft)

Diameter | 10.2mm

Material | Polyamide

Weight | 63.5 g/m

Impact Force | 8.5 kN

Elongation | 32% – Dynamic, 8.5% – Static

Sheath Slippage | 0 mm

Percentage of Sheath | 40%

Compliant | CE, UIAA 101, EN 892:2016 Simple
