

BEAL Be Quick Sport | Sport Hardware

The BE QUICK carabiner has an ergonomic faceted ring that makes it easy to use. Coupled with a reduced number of screw turns to limit the efforts of locking or unlocking, its setting in motion is ultra-fluid and very fast, secured by a keylock system. Features that make this carabiner very effective during repeated maneuvers, especially on anchor points. In addition, it can be unlocked with a link in case of a blockage.
