

10.5 mm BEAL Wall Master 6 Sport | Sport Rope

Specifically designed for climbing walls, this rope is characterized by its thick and smooth sheath which allows a good resistance to top roping and repeated small falls. Its sheath remains flexible and its slippage is severely limited thanks to the addition of UNICORE technology, which binds the core and sheath of the rope. This process gives your rope increased strength and durability over time.

Key Features

- Braided core
 - Increased durability
 - Large diameter for greater strength
-

Additional Information

Shipping weight | N/A

Color | Blue, Orange, Violet

Brand | [Beal](#)

Diameter | 10.5 mm

Length | 200 m (656 ft), 50 m (164 ft), 20 m (65.6 ft), 30 m (98 ft), 40m (131ft)

Weight | 71.0 g/m

Material | Polyamide

Impact Force | 8.4 kN

Elongation | 36% - Dynamic, 8.5% - Static

Sheath Slippage | 0 mm

Percentage of Sheath | 47%

Compliant | EN 892, UIAA 101
