

BEAL Venus Soft Harness

Beal |

The harness for women. The VENUS SOFT Harness has been developed to fit the female body type. It is an adjustable and light harness with the Dynamic-Fit thigh adjustment system (Black Diamond license). It is also equipped, like the REBEL SOFT, with the Web-Core technology which provides great comfort thanks to a perfect distribution of pressure between hips and thighs. Available in two sizes 0.7lbs (324 grams) and 0.8lbs (358 grams), it has four gear loops to suit your needs. To sum up, compact and lightweight gear for good level climbing.

Key Features

- 2 sizes
- Compact and lightweight
- Web-core technology
