

BEAL Be Free Rubber Beal |

Opt for a simple and highly secure belay system

The BE FREE RUBBER quickdraw has been designed to meet the needs of sport climbing and big wall climbing. It is composed of two Keylock carabiners: the BE TOP at the top and the BE ONE at the bottom and a tubular sling of a width of 12mm. The BE ONE has a larger contact surface area to limit wear and tear on the rope, especially in the event of a fall. For added safety, the quickdraw has a RUBBER retainer that prevents the carabiner from turning over and protects the quickdraw from abrasion.

Key Features

- Light weight
- Ergonomic

Additional Information

Shipping weight | 0.1 lbs

Color | White

Length | 4.7" (12 cm)

Material | Polyamide

Compliant | UIAA

MBS | 22 kN (5000 lbf)

Product Code

BOBMQBF.12R
