

SHUTTLE SKED® Rope Kits, 200 ft 1/2" rope, 2 large carabiners, storage bag Patient Care | Flexible Litters and Accessories

HMH Shuttle Sked rope is constructed of 1/2 inch solid braid polypropylene. It is 200ft. long with a figure 8 knot saftied with a barrel knot and taped to prevent unraveling while in use. A Large aluminum D carabiner is attached. The rope kit includes a Haz-Mat rope bag for quick tangle free deployment. This rope is attached to both ends of a HMH Sked for dragging into and out of the Hot-zone. We suggest two rope kits for each HMH Sked to operate efficiently in the hot-zone.
