

11.5 mm PMI® Isostatic Polyester Rope

A PMI signature rope constructed of 100% polyester core and sheath. These ropes are specifically designed with super low elongation for specialty applications such as highlines and applications where professional rope technicians require absolute minimal elongation. These ropes are also engineered to stay rounder and have less sheath slippage than conventional kernmantle polyester ropes. Available diameters include 11.5mm and [13mm](#).

Key Features

- NFPA Certified
- Resists flattening under load
- 32 carrier construction
- 100% polyester construction
