

PMI-Yates 387P Harness PMI |

A state-of-the-art version of our popular Basic Rope Access harness. New lightweight aluminum D rings are used on side positioning, chest, and dorsal fall protection connections. Wide anatomical waist pad for increased comfort and added back support. Modular work/tool pouch system is included. New Cobra ANSI Z359.1 certified aluminum quick connect leg buckles are used for ease of donning. NEW Leg pad configuration is contoured and sewn in place to offer a super comfortable fit for those long hanging jobs. Attachment points at waist, hips, chest, back (lumbar) and back (dorsal). Chest harness specifically designed to incorporate a chest ascender (not included) for rope access work and the shoulder straps are specially tailored to reduce chafing of the neck.
