

## PMI® 7 mm Tuff Cord

### PMI |

A great choice for extreme rigging applications. This durable cord has a lower stretch core and tighter sheath than our other accessory cords and is especially good for mountain guides, lightweight expeditions, and in pre-rigged haul systems. Also available in Black.

---

### Key Features

- 100% nylon
  - Higher abrasion resistance than regular accessory cords
  - The only cord of its kind on the market
  - Tuff cord is used in the JR Haul System
-
