

This Cordura® gear pocket is designed to organize pulleys, gloves, carabiners, prusiks or any small sized gear without overloading your gear loops. It is also excellent for emergency kit use. Internal mesh divider keeps gear organized and internal adjustable loops secure gear and prevents it falling out even while inverted. The creative attachment system fits over the waist belt of any PMI harness and allows for snug security, while the top loading design makes for easy access.

Key Features

- Attaches to any harness with sleek padded Velcro straps
- 2 mesh pockets inside to keep gear in place
- Perfect size for gloves, headlamp, food, or even a small hydration bladder
