

# CASCADE ADVANCE SERIES MODEL 200 CONFINED SPACE

The new narrow version of the ultimate small team response litter. Designed specifically for use in confined space situations, this litter maintains all the great usable features of the traditional Advance series litters. Crafted from hand laminated composites, it provides excellent subject protection and easy maneuverability for the litter attendants. A great choice for urban, industrial, cave and/or mountain rescues when space is limited.

### Key Features:

Four patient restraint straps for quick, secure subject immobilization • Abrasion resistant shell • Steel handrails/construction • Ample brackets • Bright orange exterior • Made in the USA

*Height: 5.00" (12.7 cm)*
