

The Pulsar is a completely new ascender with an innovative cam design. Increased performance over traditional sharp toothed models, the X-Cam™ significantly reduces the possibility of complete system failure by exerting a considerable hold on a rope without the sharp teeth that may damage the sheath of the rope.

**Key Features:**

Comfortable profiled grip • Two lower attachment points to separate lanyard and footloop • One upper attachment point • Shaped for optimum pulling position • Features the X-cam™

*Weight: 7.8 oz (221 g)*

*Max Rope Size: 13 mm*

*Sizing Info: 8 mm - 13 mm rope*

Right Hand - Green	HD26183
Left Hand - Black	HD26208

**CERTIFIED** EN 567, EN 12841-B

A large, empty rectangular box with a thin black border, intended for handwritten notes.
